

DEL-CR 106-0.44 Lewis Center Road & North Road Improvements

Project Description:

Lewis Center Road will be widened from the Olentangy High School driveway to the existing railroad crossing in Lewis Center. North Road will also be widened from Lewis Center Road to North Farms. A left turn lane will be provided at the entrance to the new soccer complex. The project also includes a modern roundabout at the intersection of Lewis Center Road and North Road as well as street lighting and drainage improvements at the intersection. The improvements will increase the capacity of the intersection to accommodate traffic growth in the area. Roundabouts are known to have fewer and less severe crashes than traditional intersections.

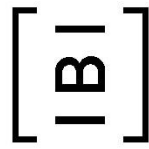

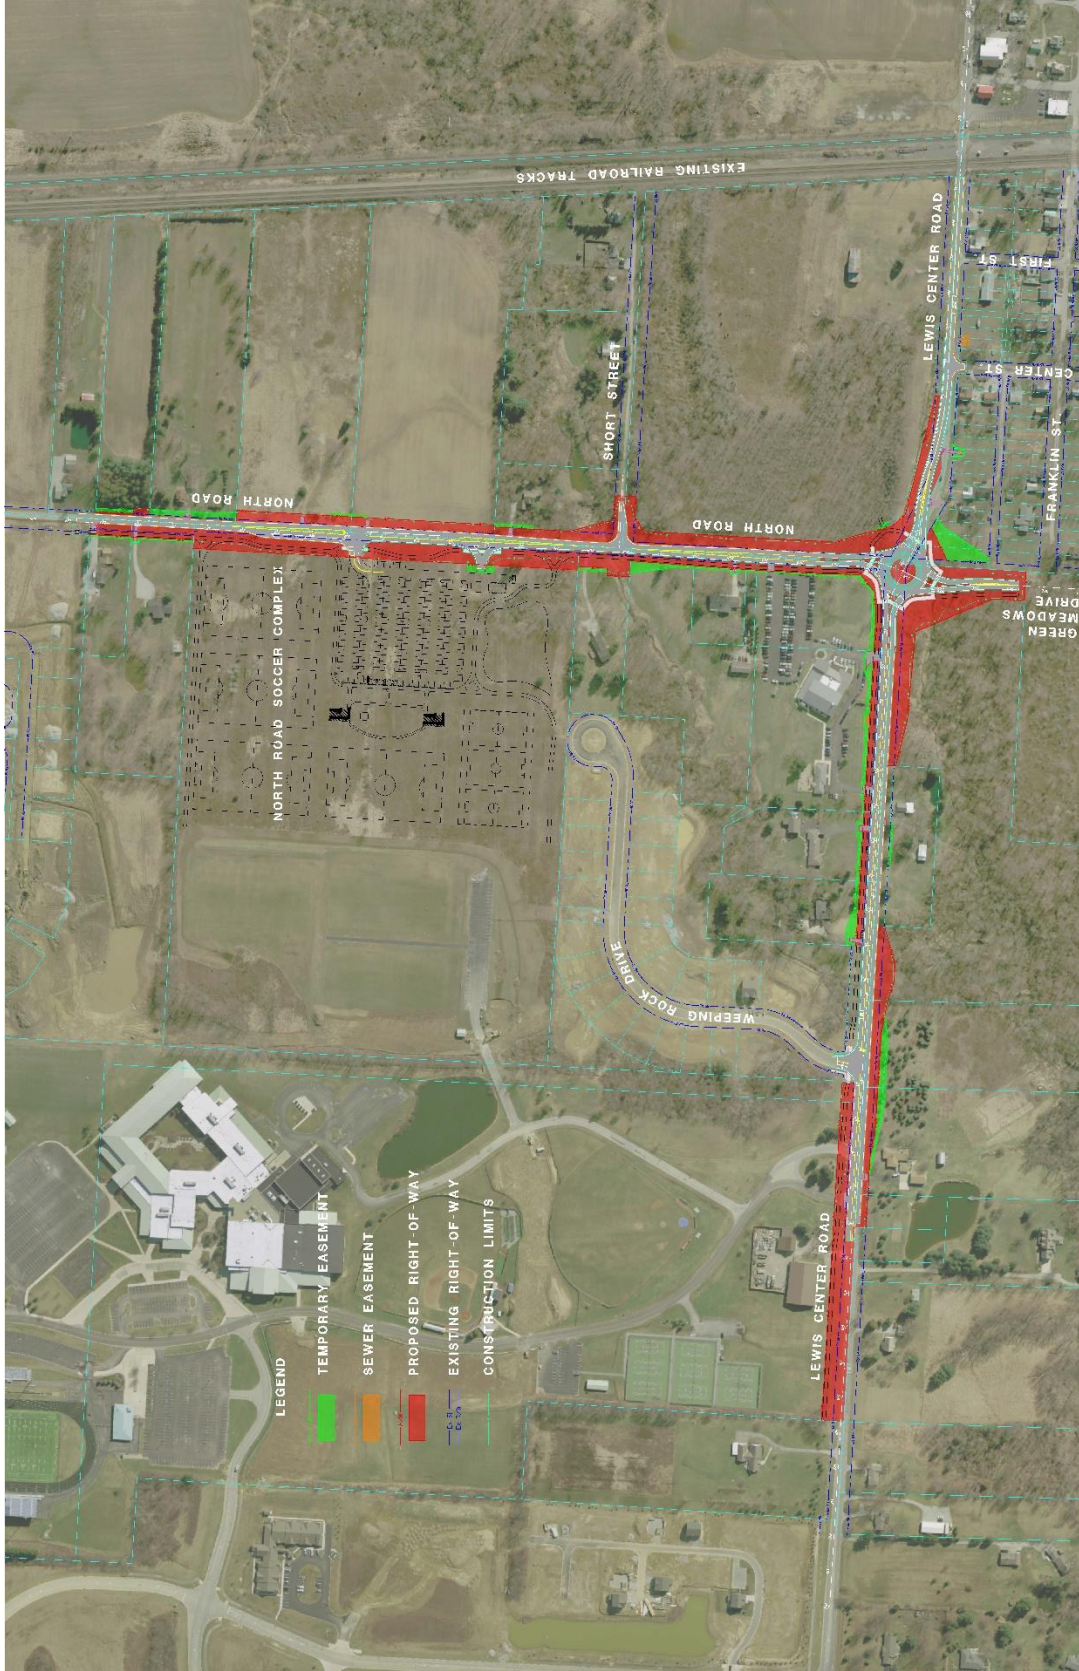

Project Cost:

The estimated construction cost of the improvements is \$3.3 million. The project is being funded by the Delaware County Engineer's Office and Orange Township.

Project Schedule:

- Right of Way Acquisition – Needed temporary and permanent right of way will be purchased by the Delaware County Engineer's Office from November 2017 to May 2018.
- Construction – The project will be constructed between September 2018 and August 2019. During construction, traffic will be detoured. Driveway access to residences, the high school and church will be maintained at all times.
