

Open House Survey Responses

March 22, 2005

There were a total of 68 responses received for this survey. 49 surveys were turned in at the Open House and 19 were received afterwards in the form of surveys or correspondence.

1. After reviewing the feasible alternatives for the Sawmill Parkway Extension, which one do you prefer?

	At Open House	After Open House	Total
Alternate 1	6	3	9
Alternate 2	2	6	8
Alternate 3	5	3	8
Alternate 4	14	6	20

2. Tonight we discussed some design parameters for the SPE. Please indicate your opinions regarding some of those design elements.

A. Should the entire length of the Parkway be lighted?

	At Open House	After Open House	Total
Yes	5	2	7
No	35	10	45

B. Should there be lighting only at intersections?

	At Open House	After Open House	Total
Yes	24	9	33
No	15	5	20

C. Should there be no lighting along the Parkway?

	At Open House	After Open House	Total
Yes	14	5	19
No	19	3	22

D. Should the Parkway have a bike path?

	At Open House	After Open House	Total
Yes	34	11	45
No	10	4	14

If yes, should the bike path be on one side of the Parkway or on both sides?

	At Open House	After Open House	Total
One Side	13	2	15

Both Sides	19	8	27
------------	----	---	----

E. Should the right-of-way for the Parkway be expanded to accommodate varying width of median?

	At Open House	After Open House	Total
Yes	21	4	25
No	16	9	25

F. Please indicate your preferences regarding ways in which the Parkway can be screened for existing homes and structures (check all that apply).

	At Open House	After Open House	Total
Earth Mounds	31	11	42
Trees	38	12	50
Fencing	8	3	11
None	1	0	1
